

ANCIENT KINGDOMS OF *Vietnam* & *Cambodia*

TRAVEL CLUB
travel without judgement

17 DAYS - 16 NIGHTS

HI THERE CLUBBERS!

We are now entering our fourth season of G&T Travel Club Tours.

After a very successful introduction with tours to both India and Sri Lanka in our first season it was necessary due to popular demand to duplicate the same for our second season. Season three exploded with four fabulous African safaris to both Kenya and Tanzania. And now as many of you patiently await, we are about to launch our South East Asia Tours that will encompass Northern Thailand, Laos, Vietnam and Cambodia.

To date we can report that we now have had 179 clubbers who have experienced the G&T style of travel and we are delighted to add that some have already signed up for all three previous destinations.

The success of our club, is absolutely, due to the wonderful people who have travelled with us so far and we thank you all for your trust and loyalty. Great friendships have been made and it is truly awesome to see the genuine excitement in peoples faces when they meet up again with other clubbers that have shared a destination with them previously.

For those of you who have travelled with us already you can see how we do things a little different to the regular tour companies. For those of your family and friends who haven't they may be interested in reading what we see as our point of difference.

There are some good tour companies out there, but they all tend to follow the same path and the same style. We are not re-inventing the wheel but feel that our 'product' has some distinct differences and personal touches.

G&T Travel Club trips will always have Gools and Thommo on each and every departure.

VIETNAM AND CAMBODIA AWAITS WITH EXPERIENCES THAT WILL TANTALISE ALL YOUR SENSES

Our tour focuses on the full length of Vietnam including UNESCO World Heritage listed Halong Bay and the very best of Cambodia.

Vietnamese cuisine is about as fresh as you can get it. The amazing markets are overflowing with fresh produce and it seems to appear on every plate in every restaurant. Hanoi, Hue, Hoi An and Ho Chi Minh however all have a different spin on what they call traditional.

The people and the colour make Vietnam a wonderful destination and it's the simplicity of their life that lets us enjoy this destination. Landscapes will surprise you when you are least expecting it and the faces of the children will delight you at every turn.

The magic of the Mekong Delta comes to life as we walk, cycle and cruise through this spectacular window of Asia.

Cambodia will get under your skin due to the incredible spirit and progressive optimism of its people. They are the true treasure of this kingdom along with the ancient treasure of Angkor Wat. With the history of war, poverty and continued political unrest the country can still put on a smile. It is safe to say that Cambodia will cast a spell on anyone that visits.

The following are some of the considerations we made while developing our tours.

A. We wanted to develop an **interesting itinerary** that will 'wow' you each day **with great value inclusions** that everyone would be interested in and **none of those 'kitch' touristy things** that just waste your time and patience. We will point out the different ways to enjoy your shopping and bargaining experiences. We will not take you to the Emporiums and Carpet sellers, but instead will show you how these businesses work and show you how to get a good deal on your own.

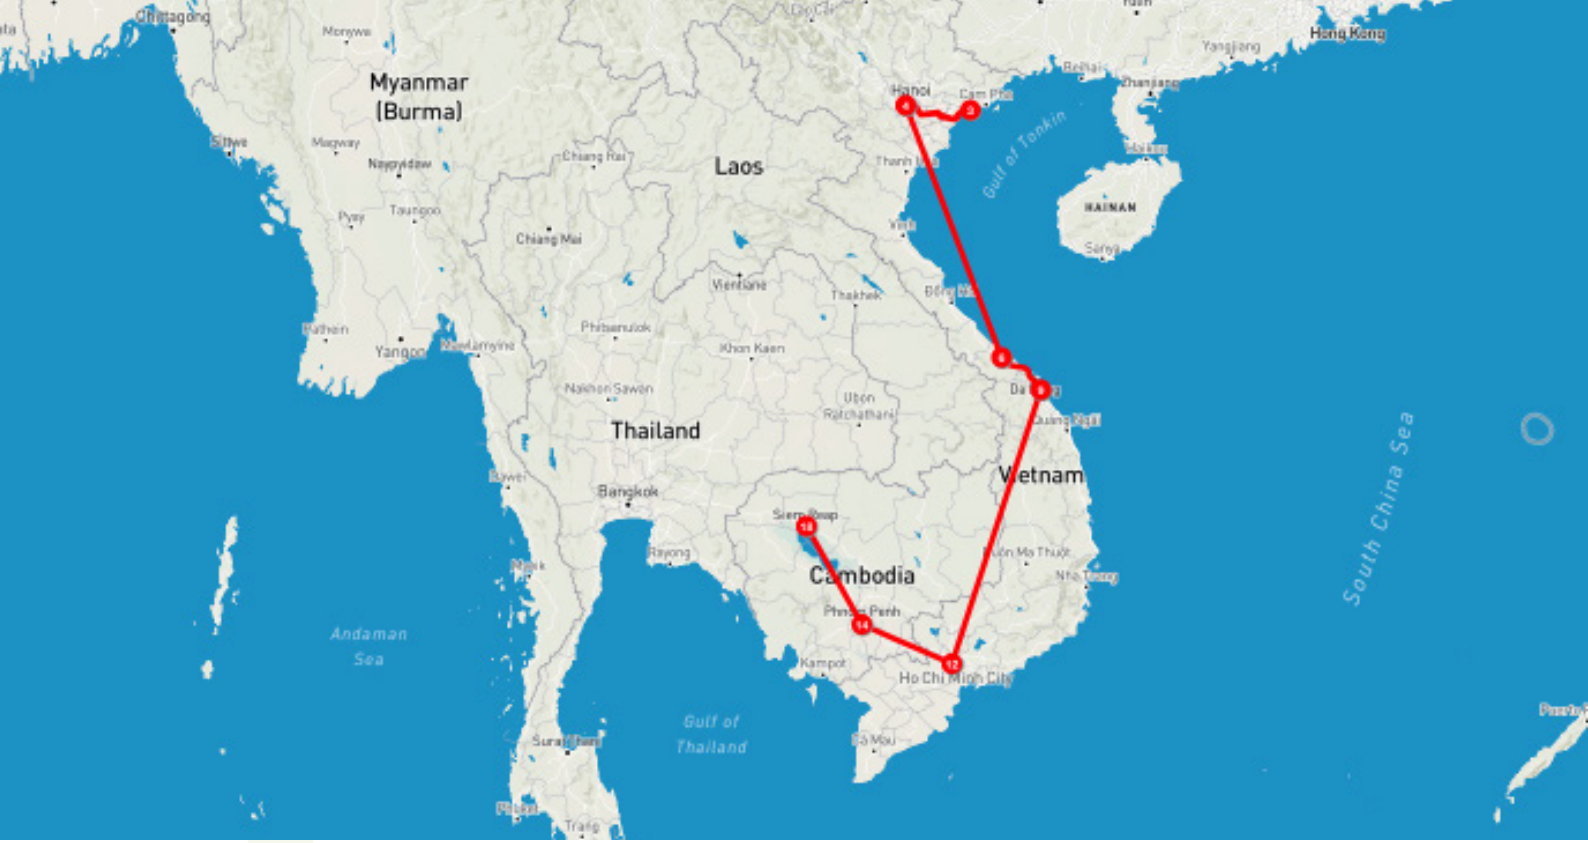

We will offer you the **freedom to do your own thing**. In fact, we will encourage you and help you to get the most out of your holiday by listening to what **your personal needs are**. You may want to go shopping for something unique or want to head out on your own or in a smaller group. Our coach is often bigger than our group size requires so there can be **spare seats to spread out**.

B. Accommodation selections are chosen for their **great location, view, style, feel and facilities**, not just to a Star Category or as suggested by our 'ground operators'. We make sure to use fantastic hotels that will add to your holiday experience. Some hotels are set inside a Colonial Residence and others are slick modern boutique style. **All are hand-picked and researched personally by us!** All the accommodation options include a great breakfast so you can start each day with a good healthy meal. Most breakfasts have both **western and Local foods** available to suit your taste.

C. You will have an option to eat at **some of our favourite restaurants** within close proximity to our accommodation. **You can choose** to join us and eat out or simply stay and eat in, it's up to you! Funnily enough some of the best restaurants are within our chosen accommodation anyway. We have also **personally checked many restaurant menus** to make sure that they can cater for most of the obvious dietary requirements. We also have a good variation between set menu, buffet and ordering from the menu with both western and local choices. The restaurants for our **Special Farewell Dinners** have both been chosen for the amazing food and the experience, which all adds to a night to remember.

D. **Having both Gools and Thommo along as hosts gives you something no one else can match.** We will be with you the whole time looking after you personally. On top of that we will also have **Local City Guides** throughout the tour. You are in a **small group environment** which is great and with so many support staff on hand you can create your own travel experience. You may have had a 'group tour' experience before where you felt rushed and dragged along by your guide. We make sure that everyone gets to **walk at a comfortable pace and have time to have a good look at things along the way**. If you are a keen photographer, then you will have time to get the shot without losing the group. If you need to buy something special while we are out and about then we can make this happen without making the group wait. In our opinion, this is really important in a group environment.

E. Most importantly we made sure we put together a **"Great Value"** product, not necessarily the cheapest but well worth the few extra dollars for an amazing experience! We have chosen our dates and itinerary for each country, with **consideration given to the best possible weather, the lesser crowds and special holiday dates**.

For those who do need a morning lift we will find somewhere to sit and enjoy some **traditional Vietnamese coffee.**

Back onto the narrow streets and we'll be in search of some **delicious local snacks.** Tasting the well-known **fresh spring roll or a crispy pancake** before wandering further in search of the traditional '**bun cha**'. Bun Cha is a simple but tasty dish of fresh rice noodles with grilled pork.

SIEM REAP

OVERNIGHT: SIEM REAP

After enjoying a delicious breakfast, we will head out to see the most **spectacular temples of the ancient city of Angkor Thom**, the last capital of the Great Khmer Empire under the reign of Jayavarman VII.

This city is surrounded by an 8m high wall, drawing a perfect square. We will enter the city through the ancient South Gate, an impressive stone gate carved with Elephants and four giant faces. On each side of the entrance path a row of 54 gods (or demons) are holding the sacred Naga snake.

From here, we continue to the **Bayon Temple**, which is located, in the center of the city. This 12th century masterpiece is renowned for its 54 towers with enigmatic faces representing the 54 provinces of the Great Khmer Empire. **The Terrace of the Elephants and the Terrace of the Leper King** are also must-visits as they are both known for their intricate bas-reliefs.

Later we will take a break for a **local lunch** (not included), before we continue to Ta Prohm.

Ta Prohm is unique in that it has been left largely as it was found, overgrown by jungle trees and vines, with many parts of the temple crumbling to the ground. This makes the 'Tomb Raider Temple' one of the **most picturesque and memorable of the Angkor temples.**

Now you are ready for the highlight: **The magnificent Angkor Wat.**

Built during the reign of King Suryavarman II in the early 12th century, Angkor Wat was constructed following the model of the temple mountain symbolizing Mount Meru, the home of the gods.

Inside the temple, the walls are **covered with stone carvings and bas-reliefs** depicting Hindu mythology and the wars that Suryavarman II fought during his reign.

Angkor Wat is well known for the more than **2,000 'Apsara' dancers decorating the temple.** Construction is thought to have taken around thirty years of intensive labor. Today, **Angkor Wat is figured on Cambodia's national flag** as the temple that symbolizes the soul of the Khmer people.

We hope to be there around sunset time, when Angkor Wat is less visited and the Apsaras will shine in the beautiful light.

We will return to Siem Reap around 18:00hrs.

Meals Included: Breakfast

Hotel: Victoria Angkor (or similar)

Day 16

SIEM REAP

OVERNIGHT: **SIEM REAP**

This morning after breakfast at around **08:00hrs**, we will head out of Siem Reap approximately 55kms to **Lake Tonlé Sap**, where you will have the opportunity to learn about life on the lake.

Tonle Sap is the **largest freshwater lake in Southeast Asia** and officially designated as a **UNESCO Biosphere Reserve**, covering an area of around 250,000 hectares in the dry season.

Due to a unique phenomenon, when the monsoon begins, the swollen waters of the Mekong River force the Tonle Sap River to reverse its flow northwards, feeding the Great Lake and spreading over the surrounding flood plain.

We will board a local boat and visit the village of **Kompong Khleang**, where only few tourists venture. We will continue on our boat ride through the village where the fisherman and their families live in stilted houses among the petrified mangrove forests and waterways.

Relax and enjoy the fascinating scenery of Southeast Asia's largest freshwater lake and it's surrounds. (**Note:** during the months Apr-Sep the water level may be too low for a visit by boat. However, the village is still fascinating and can be visited by car. It's quite dramatic to see how the stilted houses are exposed from the lake when water levels are low!)

On our return trip we will disembark the boat and enjoy a **walk through the local village**. Later we will visit a small restaurant and **enjoy a packed lunch** as we watch the everyday life at the village. After lunch, at around 14:00hrs we will head back to Siem Reap.
