NORTHEAST INDIA ADVENTURE

THE TRIBAL, TIGER & TEMPLE TOUR

21 DAYS | 20 NIGHTS

7 TO 27 NOVEMBER 2025

HI THERE  CLUBBERS,

WELCOME TO THE G&T TRAVEL CLUB'S NEW TOURING STYLE

This new 'ONTRACK Adventure' has two new aspects.

- Firstly, 'ONTRACK Adventures' will address the question often asked by our Clubbers! **'Can G&T Travel Club offer a more Active Product'**
- Secondly, it could be an **'Exploratory Adventure'** where clubbers can help to unlock some **new and exciting destinations** with us. The research behind the itinerary will always be as extensive and complete as all G&T Travel Club trips are. We will always work directly with our friend/ground operators to create the best possible itinerary with lots of **adventure and wow!** We will also continue to **choose the accommodation** personally as we love the **experience** that comes with the right choices.

The idea of developing this new style of tour to address the physical side of the itinerary/experience came about as Gools and Thommo were slowly emerging from Covid with fitness levels that had been eroded away during the pandemic. Our energy levels felt lower, our waistline felt larger and our need for an Adventure felt way overdue.

At 55 years of age, we realised that our bodies just aren't what they used to be. Thommo has for years carried a badly injured ankle which restricts his movement and activity. Now his knee seems to be causing concern as well. Gools on the other hand has always complained about her worn-out knees from her years of playing high level netball. Our joints are slowly deteriorating, and we could use that as an excuse to do less OR we can take this opportunity to get ourselves 'Back ONTRACK' and do more.

Surely improving our diet and losing some weight would take the pressure off our joints and ease some pain? Less pain equals more mobility and therefore more ability to exercise so there the fitness cycle begins. How often have we all made a resolution to lose weight and get fitter only to find that the enthusiasm wains as our busy lives get in the way? So, if we have a goal to aim for and if that aim includes some great travel adventures than sign us up!

These new tours will personally give us and our clubbers the necessary motivation to plan our exercise regime to get 'Back ONTRACK' and 'stay on track'.

The logical way for us to do this, was to invest in a new idea and develop some different itineraries for our Travel Club. Sticking with some of our favourite countries we have come up with a plan to add the requirement of a slightly higher level of fitness which will always be optional. These itineraries will be more active than those that have previously been offered by the club but still suitable for many Clubbers.

NOW FOR OUR FIRST **ONTRACK** ADVENTURE!

This part of the country is truly unique and the best way to discover the area is by immersing yourself in the life and cultures of the remote villages.

Join Gools and Thommo on this amazing new Adventure!

The Travel Club has run several amazing tours to India before but never to the remote Northeast of the country. For many years this has been on our personal bucket list. This part of the country is truly unique and the best way to discover the area is by immersing yourself in the life and cultures of the remote villages.

Together with our trusted friend and ground operator in Delhi, Nadeem, we have designed our very first 'ONTRACK Adventure' to include **WEST BENGAL, SIKKIM, ASSAM & NAGALAND**. This tour will allow us to add in some exciting and rewarding hikes/walks to an already awesome culturally diverse itinerary.

NOTE: While an intermediate level of fitness is required, our vehicles will always be available on the walking components to transfer you to the days destination if you choose not to walk on any given day. Our local guides will also help to assess your fitness levels and make sure that you are fully capable of completing the planned daily activities. If this sounds like you, then make the commitment to join us on the first of our new range of 'active tours'.

A single departure for our 21-day tour starting and finishing in Kolkata (Calcutta) commencing the 7th November 2025 and finishing on the 27th November 2025. We have already an 'Expression of Interest' list, and we have several people already awaiting this VIP launch. Spots will be strictly limited as we have secured only 10 rooms for this itinerary. **This tour will be hosted of course by Gools and Thommo!**

NOTE: The departure date is not that far away so there is time to commit to the date and get your fitness 'Back ONTRACK'!

Sikkim is the home of Darjeeling, in **West Bengal**, probably because of the Tea industry. Many people do travel here and enjoy the **spectacular mountain** views from villages perched high on the **fertile ridges**. It is easily accessible and sometimes a place where travellers simply search out to escape the summer heat. But the area has a whole lot more to offer than just **Darjeeling town**. **Sikkim**, located in the North-eastern part of India in the **eastern Himalayas**. It is one of the smallest states in India. Sikkim is bordered by the Tibet Autonomous Region of China to the north and northeast, by Bhutan to the southeast, by the Indian state of West Bengal to the south, and by Nepal to the west. Sikkim therefore is an absolute **melting pot of culture!** The **People of Sikkim** consist of three **different ethnic groups**, they are, Lepcha, Bhutia and Nepali. These people intermingle freely to create a harmonious and homogenous group. It's here where Buddhist Monasteries coexist respectfully with Hindu temples, churches and mosques. These three cultures have produced a Sikkimese Culture that encompasses the different ways and walks of life. They have also, amazingly, managed to **preserve their own individual identities**. These identities can be seen in the various festivals, cultural dance styles and places of worship. Sikkim is also notable for its **biodiversity**, including **alpine** and **subtropical climates**, as well as being a host to **Mount Kangchenjunga**, the highest peak in India and the third highest on Earth at **8586 metres!**

Assam is also a meeting ground of diverse cultures. The people of the **enchanted state** of Assam are an interesting mixture of **various racial backgrounds** such as Mongolian, Indo-Burmese, Indo-Iranian and Aryan. The Assamese culture is a **rich and exotic** tapestry of all these races that have evolved through a long assimilative process. The natives of the state of Assam are known as Assamese which is also the state language of Assam. The state has a great **number of tribes**, each unique in its **tradition**, culture, dress style and exotic way of life. Diverse tribes like Bodo, Kachari, Karbi, Miri, Mishimi, Rabha, etc co-exist in Assam. Interestingly most tribes still have their own languages. Assam is also famous for its **tea plantations** and the incredible **Kaziranga National Park**. This park, which hosts two-thirds of the world's great one-horned rhinoceroses along with the beautiful Bengal Tiger is a **UNESCO World Heritage Site**.

Nagaland is one of the **least explored regions** in this vast country! Accessed through a narrow corridor and nestled in the '**far east**' of the state. If you yearn **adventure** and want to travel to a place few (if any) of your friends have been, then this is the place for you! It is still **raw and pure** to a large degree, **untouched by mass tourism** which is due in part to its geographical location. English is barely spoken, and the accommodation here can at times be basic but comfortable, which is part of the **charm for intrepid type travellers**. The full itinerary does have a well-balanced blend of **Luxury Heritage accommodation** as well which is interspersed to add a level of comfort between the more basic options. Our luxury hotels chosen will be a real treat! The blend of culture, colour, and the music along with the **natural beauty** will leave you in awe!

On this tour you will interact with the locals who look more 'Asian' than the typical Indian* and whose culture differs greatly from the rest of India. (* India is such a large and diverse country that it's difficult of course to identify what is a typical Indian. Only you can decide).

Kolkata is still a rich and cultural potpourri of the quintessential Indian experience with many colonial elements overlaid by a patriotic, revolutionary zeal. Today's city tour will include some walking and driving to discover the **vibrant flower market and Kumartuli** (the potter's quarter). It is here where giant life-like religious idols are created for the city's numerous festivals out of river clay, bamboo and straw. The next 2 nights we'll have the opportunity to stay in a very typical **Sikkimese homestay** and/or farmhouse lodge (our group may be split over the two options due to limited accommodation in this remote area). It is a ravioli stuffed with yak meat, pork or beef, steamed and served with a spicy sauce (spicy is optional) Let us know if we need a vego version? This dish, although simple, requires a certain know-how to perfect, which our local regional guide promises to share with us.

After lunch, we will visit the well-known **18th-century Pemayangtse Monastery** with its uniquely carved wooden sculptures. Pemayangtse Monastery is also called 'Perfect Sublime Lotus', which means 'the all-encompassing, perfect lotus'. An optional early start for those who wish to drive to the **Nyingma monastery Sanga Chöling** before breakfast. From the monastery you can enjoy an incredibly beautiful view of the snow-capped mountain peaks. You can walk from the monastery to the **Chenrezig statue**, which was only completed in autumn 2018. This newly built complex includes a skywalk and a gallery inside the statue. With a height of 41 meters, it is the tallest of the three large statues in Sikkim.

After breakfast, we all continue to the former capital, **Yuksum**. Enroute we will stop at the sacred 'wish-fulfilling' **Khecheopalri Lake**. The lake's original name was Kha-Chot-Palri, which translates to 'Heaven of Guru Padmasambhava'. The small, legendary lake is sacred to both Buddhists and Hindus. From the lake we will take a pleasant hike past small villages, terraced fields and forests with cardamom plantations. The hike is mostly downhill and takes about 3 hours. From the terminus at **Rathong River** we continue back to Yuksum. If you wish not to hike you may take the transport down to the river and then back to Yuksum.

DAY 9

YUKSUM – SIKKIMESE ORGANIC FARMING (WALKING 4-5 HRS, DRIVE 1 HR)

Today we undertake a longer hike where along the way we will learn about the **agriculture and the life of the locals**. Spring is the flowering season and autumn is the harvesting season for black cardamom. The 1-2m high plants are widespread throughout Sikkim and bring important income to local farmers. The harvested capsule fruits are traditionally dried over an open fire in large stone ovens, giving the spice its smoky taste. The walking path leads uphill for approximately 2 hours to a small village.

Here you are invited to a **local family for a traditional lunch**. The family will then show you the terraced plantations on the steep slopes around the house. All agriculture in Sikkim is organic and that is why Sikkim was declared an '**Organic State**' in early 2016. Artificial fertilizers, pesticides or genetic engineering are prohibited by law.

Later, we make our way to the coronation site of the first king of Sikkim. A small temple and a huge stupa announce the place where the empire was founded. We get to the **Norbugang Chorten**, the sacred place where the coronation of the 1st King took place in 1642. Under a gigantic cedar tree stands the stone throne on which **Chogyal Phuntsok Namgyal** was crowned King of Sikkim by three Lamas. We then make our way uphill to Dubdi by vehicle or on foot. Here we find the **oldest monastery in Sikkim**, which was built in 1701.

The full walk is about 4-5kms and a hilly walk (a little up and a little down).

The walk from Norbugang Chorten to Dubdi Monastery is around 3kms (a little up and a little down). One can also drive to the Dubdi Monastery.

DAY 10

YUKSUM – RUMTEK
(DRIVE 5-6 HRS)

Today's drive is diverse and takes us through to the small town of **Ravangla** (Sikkim's hidden gem) where we stroll through the town past tiny pubs and corner shops. We make a detour and visit the **Buddha Park with a gigantic Buddha statue**, which was inaugurated by the Dalai Lama in March 2013.

Along the mountain ridge (which offers a spectacular panoramic view) we drive to the **largest tea garden in Sikkim**. The Temi tea garden is known for its excellent and organically grown tea. It is considered an insider's tip among tea connoisseurs. It is the most charming of the tea gardens in Sikkim. We continue then to the town of Singtam on the valley floor and head north to the Rumtek region.

We will follow the street lined with prayer flags to the original **old monastery of Rumtek**, dating back to 1734. It exudes a wonderful tranquillity and is situated on a ridge with a fantastic view of the hills and fields of Martam below. A small shrine in an adjoining room is dedicated to the protector of the **Kagy School**, the Mahakala. Due to its powerful effect, the figure is veiled.

From 1959 to 1981, his Holiness the 16th Karmapa, head of the **Kagy order of Tibetan Buddhism**, lived here. After fleeing to Sikkim due to the Chinese invasion of Tibet, he received asylum, support and some land from the King of Sikkim. With this he constructed the new monastery of Rumtek. His home monastery in Tsurphu in Tibet served as a template. The monastery was an important place of pilgrimage for Tibetan Buddhists during the lifetime of the 16th Karmapa. Karmapa is one of the most important reincarnations in the Tibetan Buddhist world and the head of the **Karma Kagyu School**. The Karma Kagyu School is one of the four main schools of Tibetan Buddhism.

Rumtek is remote and our overnight accommodation reflects this remoteness.

Meals included: Breakfast, Lunch, Dinner
Overnight: Hotel Bamboo Retreat
Style: Basic but comfortable Retreat that boasts a Permaculture Garden estate (or similar)

DAY 11

RUMTEK – SIKKIM COUNTRYSIDE
(WALKING 2-3 HRS, DRIVE 1-2 HRS)

Today we will get a deep insight into local life in the **Sikkim countryside**. After breakfast, we hike along narrow trails across terraced paddy fields to a small settlement. If we come across the local village Sharman, he may invite us into his house (a house built on stilts). If lucky we can witness a ceremony and enjoy drinking tea together. The villagers here rely heavily on agriculture. It is impressive to see just how they still do many things by hand.

In the afternoon we have an optional visit to the **Lingdum Zurman Kharwang monastery**. Inside the colourful complex, the murals tell of important events in the life of the Buddha. The cosmopolitan monastery also maintains an active monastic school. The young religious students can often be found memorizing the Tibetan alphabet or reciting mantras (powerful prayers).

If today, you prefer some down time you can relax at the Retreat.

The whole walk is about 3-4kms / a hilly walk. One can also drive to the Rumtek Monastery and Ani Monastery.

Meals included: Breakfast, Lunch, Dinner

DAY 13

You may wish to use your free morning to indulge in a **Massage or Spa treatment** or maybe take a ride on a **cable car above Gangtok**. Today it is necessary to break the journey and stay in Siliguri so after lunch we will head off. This makes our travel time to Bagdogra tomorrow more comfortable and perfect for our flight onto Dibrugarh.

Meals included: Breakfast, Lunch, Dinner
Overnight: Mayfair Tea Resort
Style: Luxury Resort (or similar)

DAY 14

SILIGURI – BAGDOGRA
(DRIVE 30 MINS) –
FLIGHT TO DIBRUGARH (1.15 HRS)

In the morning we transfer to the airport for our short **flight to Dibrugarh**, a city located in the far east of the province of Assam, known as the gateway to the **'Hidden Land' of Northeast India**. Assam is known mainly for its tea culture and the **Brahmaputra River** which crosses it from East to West. Dibrugarh was a major centre for tea plantations during the days of the Raj. The British built many Chang Bungalows here ('chang' meaning raised on stilts in the local language) which served a dual purpose of keeping the house cool by allowing the breeze to blow underneath and to keep both water and animals out! We will spend tonight in one such bungalow. To achieve this overnight experience, it is necessary to spread our group over two neighbouring Heritage Chang buildings.

In the afternoon we will pay a visit to a **local tea factory**, which is the oldest in the Assam state (160yrs old) for a tour and have a chance to explore the tea plantations in the vicinity. We continue out of town to visit a traditional **Assamese village** and market, as well as a local weaving centre. We have some time to walk in the market before our first taste of Assamese cuisine.

Tonight's accommodation, although we will be spread over 2 bungalows, we will all enjoy our evening meals together at Mancotta Heritage Chang Bungalow.

Meals included: Breakfast, Lunch, Dinner
Overnight: Mancotta Heritage Chang Bungalow and Chowkidinghee Heritage Chang Bungalow
Style: Heritage Tea Bungalows (or similar)

DAY 15

**DIBRUGARH – SIVASAGAR – MON
(DRIVE 5 - 6 HRS)**

Today we follow the **Brahmaputra River to the city of Sivasagar**. The city, located in the fertile valley fames the former capital of the **Ahom Kingdom**. The Ahoms are descended from the Shans, who came to this area from Thailand via Northern Myanmar in the early 13th century and ruled for around 600 years. The Shiva Temple here, built by the Ahoms, is believed to be the tallest of all existing Hindu temples and is an impressive sight. We then continue our journey to Mon in the state of Nagaland. **This state is one of the smallest but most mountainous**. It is also one of the least visited states of India, where the allied forces finally stemmed the flow of the Japanese army from Burma during the Second World War. We will notice the change in terrain as we enter the hills and the roads become more winding and rougher, but the views become more spectacular. **The tribespeople of Nagaland are known for their tattooed faces and bodies**, and until relatively recently, the headhunting Naga tribes bravely fought off their intruders. The hillside village of Mon serves as an access point for the many Konyak villages in the area and we'll spend the next two nights here to explore these. Our accommodation is limited for the next two nights as we need to be off the beaten track to fully expose ourselves to the lifestyles of the Naga peoples. **The experience will be well worth the effort.**

Meals included: Breakfast, Lunch, Dinner

(or similar)

Along the way we will get insights into the secluded living and working in the countryside amidst the mountain landscape of Nagaland. Our hike ends at **Longzang** where we have lunch and get to meet the local peoples.

Afterwards, we proceed and discover the village of **Longwa**, which is one of the largest in the region. Located on a ridge, it is crossed by the official border between India and Myanmar (Burma). The Angh, hereditary chief of the village, has precisely positioned his house to straddle the two countries borders.

We visit other important **Naga villages including Shangnyu**, which houses an amazing carved wooden panel. The Angh of this village also plays a very important role in this remote northern region of Nagaland which is very close to Arunachal Pradesh (India) and Myanmar (Burma). Later, we return to Mon where we are treated to a **Naga dance performance**.

The walk today is about 4/5 kms mostly flat with a little up.

Majuli is the largest river island in the world and a UNESCO World Heritage Site. It is still pure and untouched by the modern world and mindless tourism. Life in Majuli is serene and the Mishing tribe still make up 60% of the island's population.

The enjoyable ferry journey takes approximately 2 hours. Upon arrival we will take a short drive to our lodge which will be our base for tonight. Again, we can appreciate the effort it takes to explore these far and fascinating communities.

DAY 18

**MAJULI ISLAND – NIMATI GHAT
(FERRY 2.5 HRS) – KAZIRANGA NP
(DRIVE 3 HRS)**

After breakfast we drive to the village of **Samaguri** to see the art of traditional mask making. These masks are used in bhaonas or one-act plays in the Satras, mostly during festival times. After our visit we say goodbye to the stilt houses and take the ferry back to the mainland where we leave with fond memories of Majuli Island's simple way of life.

We make our way now to the **World Heritage Site of Kaziranga National Park** located in the fertile plains of Brahmaputra. We are now at the foot of the Himalayan hills of Assam. Our journey will take around 3 hours.

We arrive late afternoon and check-in at the IORA The Retreat hotel where we'll spend our next two nights in the heart of this magnificent landscape. The area is well known for the amazing birdlife, and we may just be lucky enough to spot **'The Big Five of Kaziranga'**.

Combined with the Eastern Swamp Deer we have 'The Big Five'.**

It has a wide variety of flora and avifauna in a unique habitat of mainly grasslands. More than 400 species of birds - both resident and migratory - are also found here. **Nine of the fourteen primates found in India do occur in this park.** We may see the capped and golden langur or the hoolock gibbon.

To do the park justice we will enjoy a **morning and afternoon jeep safari** to discover the diversity of Kaziranga NP and fingers crossed we get to encounter the Great One-Horned Rhinos. After lunch, we resume our safari in a different area of the park. A new environment with the possibility of new animal encounters like **deer, wild boar and a rich variety of water birds including herons, black-collared storks, Indian hornbills and eagles.** If we get to see a Bengal Tiger on top of all that then it's time to head back to base to celebrate!

TIPS AND GRATUITIES:

PLEASE NOTE:

- Tipping of drivers, guides and accommodation staff is customary in India. We have found from experience that the best way to deal with this is to generate a 'tips kitty' which takes away the guess work and the need for constant small change which can be embarrassing.
- Please budget US\$15 dollars a day (US\$300) cash for this kitty.
- Please have this cash ready for collection at our pre departure meeting on day 1.
- Small denominations are best. We will, where possible, ask guests to assist in the distribution of the kitty money to ensure full transparency. We always inform the hotels on arrival that we will be organising a group gratuity at the end of our stay.

NOTE: USD\$ notes must be 2013 series or newer as older notes are often not accepted in developing countries.

SPECIAL NOTES:

IMPORTANT:

Domestic flights on the Indian subcontinent impose baggage restrictions:

- 15kgs for check in baggage.
- 7kgs for cabin baggage.
- Additional baggage fees may apply.
- We have 3 included flights on this itinerary. The price of these included flights is subject to change until we have guaranteed the departure and have your passport details on file.
- The total value of the 3 quoted flights is currently \$420.00 per person (as of 26 Sept 2024)
- Additional luggage may be stored at the start/end point hotel in Kolkata. Charges may apply.
- Check-in time at hotels is usually 14.00 hrs and check out time is 12.00 noon.

NOTE: In case of any significant foreign exchange fluctuations or amendment in local Government taxes, or fuel hikes etc, our in-country operator reserves the right to reprice the tour accordingly.

Australian dollar devaluation reprice clause:

G&T price our tours on a very narrow margin to give you, our clubbers, the very best possible value for money. In the event of a major currency fluctuation/devaluation, we reserve the right to recalculate the price until the final payment due date. If the AUD versus INR (Indian Rupee) rate drops below AUD 1 = INR 50 we reserve the right to reprice the tour.

NOTE: This 'trigger rate' of AUD 1 = INR 50 is not the 'official rate' you see advertised by the bank, but our 'buy' rate when we purchase the currency through our bank which is the National Australia Bank (NAB).

G & T NUTS AND BOLTS:

We are not a Tour Company, we are a Travel Club. This means this tour is not open to the general public. This invitation is only for those of you who have travelled with us before and is extended to your family and friends.

PLEASE NOTE:

Our G&T Travel Club is not associated in any way with Adventure Wild Pty Ltd. Adventure Wild are very aware and fully supportive of our Travel Club but please ensure all correspondence is directed back to us.

GRAB YOUR SPOT:

- This tour has only one departure, so seats are strictly limited, and it is a first in first served basis to secure a spot.
- Our group sizes are a minimum 10 guests and a maximum 16 guests, plus Gools and Thommo.
- Tour group size is dictated by the maximum number of rooms available at our selected accommodation. Therefore, if we have several single travellers the max group size will decrease.
- Some of our chosen smaller heritage accommodations have just 10 rooms in total. And in some cases, we need to utilise 2 different properties due to the remoteness of this tour.

PLEASE CLICK HERE to go to our online booking form.

NOTE: Completing & submitting this form does not automatically secure your booking.

- Once we receive your form, we will check availability and confirm with you asap.
- Once received, G&T will confirm and provide an invoice for your deposit.
- A \$2000 AUD non-refundable deposit is required and receipt of your deposit by G&T Travel Club will then secure your booking.
