## G&T'S 'BRILLIANT BALKANS'

### THE BEST PARTS OF EUROPE ARE THOSE LESS TRAVELLED

This time G&T are discovering The Balkans. The 11 countries that are considered to make up The Balkans are **Albania**, Bosnia and Herzegovina, Bulgaria, **Croatia**, Kosovo, **Montenegro**, North Macedonia, Romania, Serbia, and Slovenia.

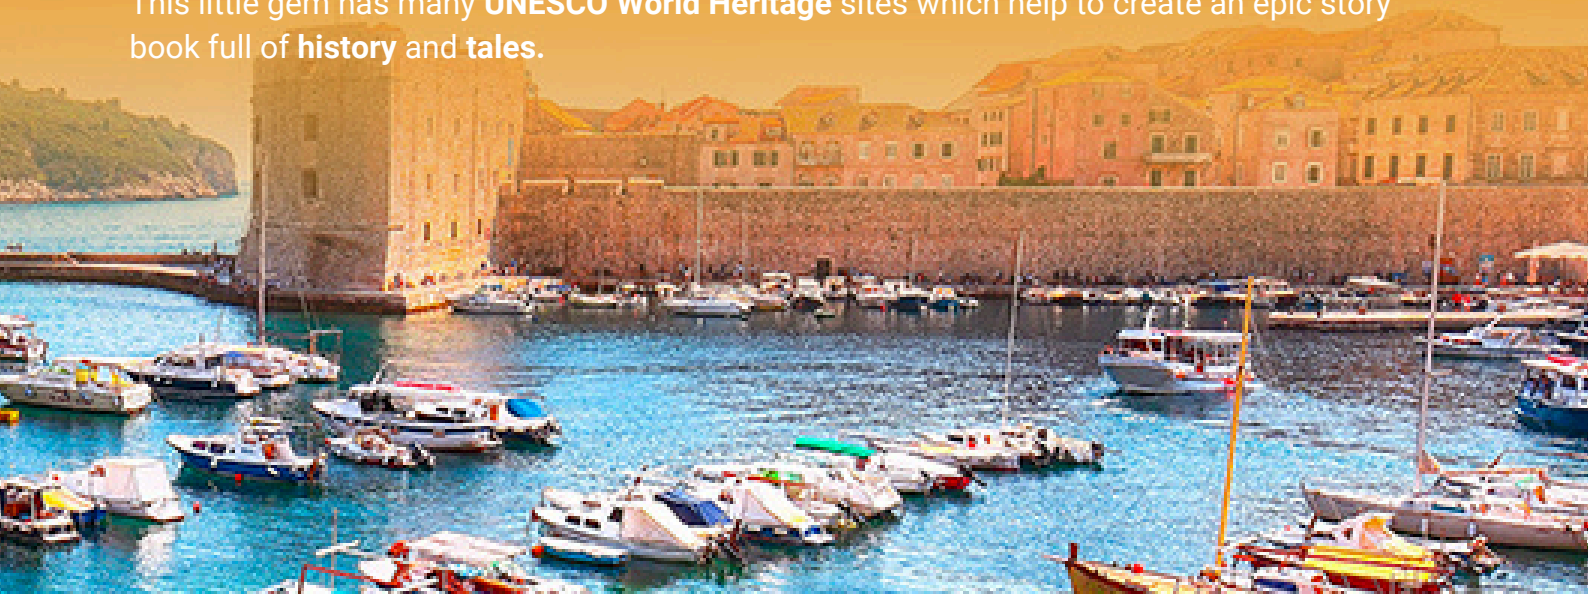

**To get the full experience** G&T have split our time between 3 countries. We have chosen Albania, Montenegro and Croatia in that order as the best combination to collectively visit. All 3 countries have their very **own identity** and **rhythm**, cultural **charm** and **history**. The fact that they share a region makes it very easy to travel between them all with little fuss.

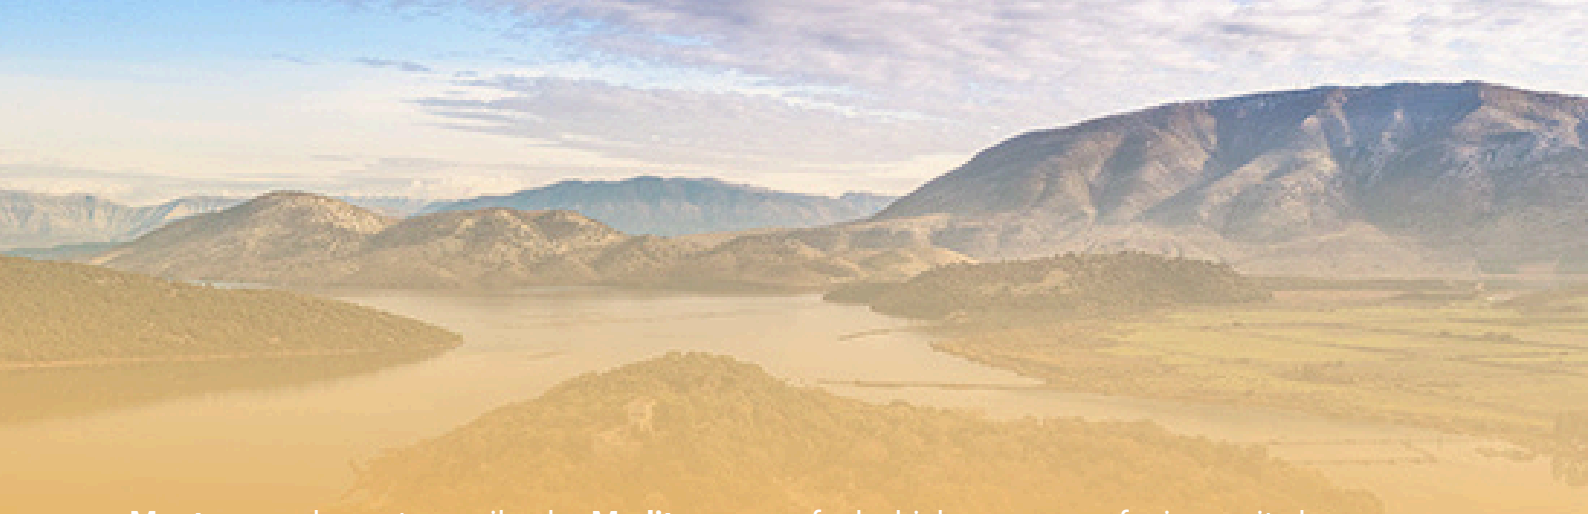

*Did you know that Balkanization is the fragmentation of larger sovereign countries or regions into smaller, often ethnically similar, countries or regions.*

This **22-day** adventure is a **Premium Luxury Tour** taking advantage of the best located hotels and lodges throughout. **Coastal overnight stops** are seaside with ocean views, Inland overnights are right in the mountainous **countryside**, and **city stops** are right in the middle of the action. There are plenty of old mid-range hotels but our high-end hotels etc are hard to get so we have locked in 13 rooms for G&T Travel Club.

*You can fly into Albania from many European cities or from Istanbul if you are **linking this tour with our 'Timeless Turkey'** Therefore, we are starting in Albania which borders with Montenegro, then Croatia is a short drive around the coast from Montenegro.*

**Albania**, one of the smallest and least developed countries in Europe, offers a **unique and genuine travel experience**. The Albanian **Riviera** both pristine and unspoilt overlooks the **Adriatic Sea** as the **Albanian Alps** behind link up to make this one jaw-dropping destination. Almost three-quarters of the country is mountainous and amazingly unpopulated. This along with **300 days of sunshine** creates a nature lovers paradise. This little gem has many **UNESCO World Heritage** sites which help to create an epic story book full of **history** and **tales**.

**Montenegro** has a tranquil calm **Mediterranean** feel which seems confusing as it shares a **Switzerland** like snowy peak backdrop. Places like Perast look like a little chunk of Venice while Boka Bay holds its own as the most southern **European Fjord**.

Montenegro packs most of its jewels into a very small area so you can appreciate the **sweeping gorges** and **cascading waterfalls** all surrounded by **lush forests** and **pristine lakes**. The cuisine is typically southern European with all the **freshness of the 'Med'** along with some traditional **culinary surprises**.

**Croatia**, where the sunset is much more than just a picture. Much of the **coast faces west** so there are plenty of places where you can enjoy the **unforgettable sunsets**. Some say the most beautiful in the world! **Exceptional local wine** and amazing **gastronomy** will surely entice you to enjoy a meal as the sun sets. **Rich** in cultural and historical heritage the **small medieval towns** with narrow winding streets share a **unique** and **turbulent history**. The national and **cultural treasures** which are visible on almost every corner are revealed by numerous **architectural** works that are on the **UNESCO World Heritage List**.

The **Game of Thrones** was filmed in parts of Split and Dubrovnik, two of the better-known **picturesque harbours**, but the **Dalmatian Coast** certainly has many more. The heart shaped islands (over 1200 of them) are dotted all along the coast which is why a **Cruise in Croatia** is the **ultimate experience**. This part of the Adriatic **Sea is crystal clear** and known to be the cleanest and most beautiful in the world. The wonderful, almost **turquoise colour** is so clear you can see the pebbles on the seafloor. This is the **postcard image** of the country.

The **G&T Cruise** will sail through this **exceptional sea archipelago** while having time to **explore** the best of the many islands. Our **7-night cruise** is on a **Luxury Small Ship** with just 18 cabins. This has been on 'our bucket list' for ever! **Careful consideration** was given to get the right ship. We have secured 13 of the 18 cabins so we should be the majority on the ship. **She is a beauty!** Brand new with all the 'bells and whistles'. **Luxury** cabins, **first class restaurant**, plenty of room to **relax on deck**, the best **easy access** for swimming (lots of water toys), a **jacuzzi on deck** and **comfortable** seating and **sun lounges** throughout (enough for everyone)!

**May** is the **perfect time** to sail 'The Dalmatian Coast' as we will be avoiding the flocks of tourists and big cruise ships along with enjoying the **mild comfortable weather**. True **Magic!**

**COME ALONG AND JOIN G&T FOR THIS BRILLIANT TOUR OF THE BALKANS.**

## HOW WE DIFFER

The following are some of the considerations we made, while developing this Balkans programme.

1. G&T always develop an **exciting itinerary** with natural flow to maximise our time and experience. We choose our tour dates with regard for the best possible weather and less crowds. Importance for The Balkans was given to the appreciation of the abundance of natural beauty and **UNESCO World Heritage Sites** but not forgetting the Culture & Lifestyle aspects. The Croatian Cruise portion is designed to indulge in a Small Ship experience and to avoid all those big, overcrowded cruise ships that visit in June/July/August. 'Believe us when we say you need room to move in the small villages'
2. G&T **handpicked superb accommodation** with the concept of **adding to your overall experience**. Several, multi night stops have been added so you'll have time to enjoy the facilities and have time to immerse yourself into the local scene. Our choices were made with consideration of location and proximity to the action, spectacular views, style, feel and facilities, not just a star-rating. As for our Croatian Cruise choice this is on the bucket list for most, so we want it to be the 'Ultimate Experience' for all.
3. G&T always make choices that allow easy access to **excellent food**. Whether it be our daily breakfast or the proximity to great restaurants and cafes nearby. We also like to check that the obvious dietary requirements can be catered for. For the Croatian Cruise portion, we are in port each night with a great selection of excellent restaurants to choose from.
4. **G&T always host every Club Tour**. This gives you something no one else can match. We will be with you the entire time, assisting with your needs and looking after you personally. On top of that we will always employ our own National Tour Guides along with localised city guides to better understand the local areas. Croatian Cruise has a professional English Speaking Captain, Crew and Cruise Director.
5. G&T most importantly make sure that the product is '**Great Value**'. Not necessarily the cheapest but well worth the few extra dollars to ensure an amazing experience! The value will be evident in our chosen hotels, diverse itinerary and Luxury Small Ship.
6. G&T always design a tour program with the Clubbers in mind. The concept of the Club remains the same and that is: Our Club is **invite only and not open to the general public**. Clubbers are always encouraged to bring along their immediate family and or friends as we feel that they too will be a good fit for the G&T Travel Club.

These two areas, now known as Upper Town (Gornji Grad) and Lower Town (Donji Grad), formed the **backbone of the modern city** and were historically divided by religious and political influences. **Gradec, the medieval merchant town**, was a fortified area known for its walls and defensive structures.

**Kaptol was the religious heart**, home to the Zagreb Cathedral, which dominates the skyline today. The two settlements often had tensions but eventually united in the 19th century, laying the foundation for the **modern city** we know today. The 20th century saw Zagreb modernize, while still retaining its historic charm.
